## AGA-R. Robert & Sally Funderburg Research Award in Gastric Cancer

Project Title

Type of Research

Select the category that best describes your proposed research.

- [Clinical Research](#): Research involving direct contact with human subjects or using clinical data to address problems related to the prevention, diagnosis, treatment, or outcome of human diseases (e.g., clinical epidemiology). This category also includes research related to health care delivery (e.g., health services, health IT).
- [Basic/Translational Research](#): Research with a primary goal of understanding basic biology or disease mechanisms. This category can involve animal subjects, cell culture, human biospecimens or human data as resources for laboratory- or informatics-based investigation.

- ☐ Clinical Research
- ☐ Basic/Translational Research

Area of Study

Select the area of study that is most relevant to your proposal.

-----

### Abstract

Provide a summary of the proposed project in 250 words or less.

Word count: 0 / 250

Study Population

Describe and justify your study population in 200 words or less. As appropriate based on the type of investigation, include:

- Plans for including sex as a biological variable.
- The demographic and/or genetic representativeness of human subjects, or data or samples derived from human subjects.
- The rationale for selecting a specific model system and lines thereof (for example, cell, organoid, or mouse lines).

Word count: 0 / 200

Digestive Health Relevance Statement

Describe the relevance of this research to human digestive health in 100 words or less. Investigators should describe how, in the short or long term, the proposed research would contribute fundamental knowledge and/or application of that knowledge to enhance digestive health or to reduce illness and disability among patients with digestive disorders.

Word count: 0 / 100

Clinical Guideline(s) Relevance

Does your project address any evidence gaps highlighted in an [AGA clinical guideline](#), such as the [GI Cancer Surveillance in Gastric Intestinal Metaplasia guideline](#)? If yes, please provide a reference to the specific guideline(s) and briefly summarize those aspects of the investigation.

Note that project relevance to clinical guideline evidence gaps is not used in the evaluation of applications.

Word count: 0 / 200

Keywords

Provide one to five keywords that best describe the proposed research. Separate keywords with commas.

Word count: 0 / 10

Current Percent Effort

What is your current total percent effort dedicated to research?

Percent Effort on the Proposed Project

What percent effort will you dedicate to this project if you receive funding from AGA?

Institutional Review

Indicate if your project requires IRB/IACUC approval.

Note that if the proposed project is funded, a copy of the institutional approval must be provided to AGA prior to funds disbursement. If approval is not necessary, then the recipient must provide documentation from the appropriate regulatory committee.

- ☐ IACUC
- ☐ IRB
- ☐ Not Applicable

Other Personnel Involved in the Research

List individuals other than the principal investigator (i.e., applicant) who are involved in the project (e.g., collaborators and other key personnel), their degrees/credentials, institution, and a brief description of their specific role within the project (1-2 sentences).

Note: You must upload a biosketch for all key collaborators and personnel in the *Required Uploads* section of this application.
